RENAULT TRUCKS T X-ROAD, A ROBUSTNESS AT ALL TIMES

Renault Trucks T X-ROAD designed and developed for **maximum traction and mobility** with an off-road mode and differential lock to tackle the most challenging constraints of your business activity. With its reinforced body components and increased ground clearance, your Renault Trucks T X-ROAD will never let you down.

Configure and adapt your Renault Trucks T X-ROAD by selecting the **options best suited to your needs** and benefit from **Renault Trucks quality**. Renault Trucks T X-ROAD is **selected, tested and transform at the Renault Trucks factory** and is subject to the same requirements as our new vehicles.

The **vehicle documentation is updated** with the new configuration and your vehicle is **well-known throughout the entire Renault Trucks network**. Wherever you are, you will receive assistance that is both efficient and suited to your vehicle.

Now available, Renault Trucks T X-ROAD you can be sure you made the right choice!

Mobility and efficiency make the Renault Trucks T X-ROAD your best tool, ready for work now... and for the long term!
